Our Place Application

If you wish to complete this survey over a period of time, please remember to press 'next' on each page where you have responded to questions to ensure your data is saved. You can then click on the url again and your data will be reappear. Please do not press 'submit' until you have fully completed the questions and you are ready to submit the final application.

Please note that a red star against the question means that this is a required question. You won't be able to move on without answering this question. In order to move through the form freely please ensure that you answer each question.

Details needed from the lead organisation

Please complete the details relating to your organisation below. If any of these details have changed, please update the contact details related to the application by replacing the name of the organisation and contact name in the fields above and completing the related contact information below.

Name of main contact:

* Organisation name

* Type of Organisation

Parish or Town Council
 Incorporated Body
 Other Public service provider
 Local Authority / Principal Authority

* First name

* Last name

* Position in organisation

Project Details

* Project Summary:

Please update your description of your project / proposal so that it is no more than 100 words long

The project proposal is to: co-ordinate the collaborative production of an Operational Plan by 31 March 2015 that by its implementation will lead to improved health and wellbeing, a renewed and refreshed economy and enhanced community capacity. Its aims and priorities are to: o stimulate activity in all three of those areas to begin the reversal of the cycle of decline that has already left half the town's population living around the most deprived 20% in the country; and o ensure the ongoing engagement of residents and agencies in service design and delivery.

* Project Theme: Please choose up to five from the following list

- | | | | |
|--|--|--|---|
| <input type="checkbox"/> Adult social care | <input type="checkbox"/> Community cohesion and engagement | <input type="checkbox"/> Community safety / crime prevention | <input type="checkbox"/> Culture, arts and recreation |
| <input type="checkbox"/> Disability issues | <input type="checkbox"/> Drugs/ Alcohol | <input type="checkbox"/> Early years . (0-5yrs) | <input type="checkbox"/> Education |
| <input type="checkbox"/> Employment | <input checked="" type="checkbox"/> Enterprise /economic development | <input checked="" type="checkbox"/> Environment/public realm | <input type="checkbox"/> Financial hardship |
| <input checked="" type="checkbox"/> Health and wellbeing | <input type="checkbox"/> Housing | <input type="checkbox"/> Older people | <input checked="" type="checkbox"/> Skills and Training |
| <input type="checkbox"/> Transport | <input checked="" type="checkbox"/> Young people | <input type="checkbox"/> Not yet known | <input type="checkbox"/> Other (please give details) |

* Project Theme: Other (please specify)

* Please give specific examples of who your project will benefit

Examples include: 1. Vulnerable families and young residents with potential impairments and mental ill-health. 2. Long and short-term unemployed and, importantly, the young unemployed. 3. Local employers through better awareness of and access to Apprenticeship opportunities. 4. Isolated senior citizens, young families and low income families and individuals. 5. Disadvantaged minority groups with limited opportunities and social integration. 6. Support agencies and partners able to provide better services more efficiently. 7. Ventnor Town Council will be better placed to provide its catalyst role for local regeneration and development 8. Project work and results to be shared with other small coastal towns with social concerns. 9. Project work and results to be shared with other Our Place! areas and Champions.

Getting Going

What support do you need for the next phase of work

Please provide some details about the type of financial and direct support you require by answering the questions below.

Direct Support

* What type of support do you need?

Financial support is needed to: o encourage the high level of agency engagement required for the necessary asset and resource mapping and meeting time with the Vision Groups in the context of their own current budgetary restraints by offering up to five agencies from whom the greatest input is required £280 a day for up to 3 senior staff working days to be match funded to the same level of staff time by those agencies. o fund 7 meetings of each of the seven Vision Groups in the period from June to November at

£25 a meeting. o fund two training sessions for Vision Group members o fund at least one governance workshop o fund a Seminar with one or more of the Pilot areas' leaders. Consultancy & Relationship Manager support is needed to: o advise on and lead the development of an appropriate governance structure for the Ventnor Our Place! Operational Plan delivery o advise on service design and community co-design o advise on aligning and devolving budgets

* How would this help you to move forward?

The combination of the funding and consultancy support requested would provide the best possible basis for the transformational change required by both residents and Agencies to secure the positive and collaborative partnership working on an ongoing basis and the underpinning localised data that is essential for regenerative action.

Getting Going Grant Support

* Grant amount applying for:

£ 10000

Please note the maximum you can apply for is £10,000.

Getting Going Budget Breakdown

Your budget below should not exceed £10,000

* 1.1 Type of Activity

Going Further Budget Breakdown

Please complete this section if you would like to be considered for a Going Further grant which will be payable from September. Your budget for this should not exceed £7500.

* Would you like to apply for a Going Further grant? Yes No

* Grant amount applying for:

£ 7500

Please note the maximum you can apply for is £7,500.

* Why is a grant needed

The additional funding would enable: o the addressing of any shortfalls apparent by September in the required asset and resource mapping and associated localised data provision by offering up to four agencies £280 a day for an additional 2 senior staff working days also to be match funded to the same level of staff time by those agencies as set out in the Getting Going section above. o a community wide survey by hand delivery to every household of a newsletter setting out the emerging proposals and including a pre-paid reply card for responses. o Draft Operational Plan sign off separate seminars for each of the major partners: Vision Groups, Agencies and Private Sector forum.

* How it will help to move the project forward?

This would ensure the maximum involvement of all the major partners with the draft for the Operational Plan to be submitted by 30 November based on the best possible data and with the confidence of having conducted a survey giving every resident the opportunity to contribute to it.

Going Further Budget Breakdown

Your budget below should not exceed £7,500

* 1.1 Type of Activity	* 1.1 Budget Breakdown	* 1.1 Cost
agency input	staff	£ 2450
1.2 Type of Activity	1.2 Budget Breakdown	1.2 Cost
House-to-house survey	Community consultation	£ 3550
1.3 Type of Activity	1.3 Budget Breakdown	1.3 Cost
Draft Plan Sign off seminar: Vision Groups	Seminars	£ 500
1.4 Type of Activity	1.4 Budget Breakdown	1.4 Cost
Draft Sign off seminar: Partners	Seminars	£ 500
1.5 Type of Activity	1.5 Budget Breakdown	1.5 Cost
Draft sign off seminar: Private Sector	Seminar	£ 500

Breaking New Ground

Do you consider that you are breaking new ground and wish to be considered for further/additional support? Yes No

* What type of support do you need?

Support will be needed in funding the travel (including cross Solent costs) and accommodation for up to three post graduate students visits to the Island during their 3-month research projects and any related University charges. Support will also be needed in securing the approval for and engagement in the development of the proposed Data Management Programme as well as technical external assistance a consultant with a strong track record similar work in a community context over a significant time period to work with agency IT departments and set out a project specification for local database design, database table structures, fields and relationships, security and encryption, and potentially real-time replication.

* How would this help you to move forward?

An established connection with Portsmouth University's Logistics and Operational Research Department will provide research depth and related data within the identified priority service areas and a contribution to the development of the proposed Community Data Trust (mirrored agency data stored at the local level). The Trust will allow Ventnor Vision Groups and the Town Council to access service delivery and demographic data for input into their future Our Place projects, community service decision-making and longer term Strategic Planning. Additionally service costs could be monitored and reported regularly, and adjustments and/or the integration of services into service packages could help to reduce both short and long-term public agency costs. Providing relevant data access and visibility at the community level of normally secured public agency databases will embed and extend the localism agenda and facilitate community input to service delivery.

Please attach your Development Strategy here.
