

Thank you for your support this month. By promoting re-use of furniture and household goods, we have together **saved over 13,400kgs** of perfectly good items from landfill on our island. (That's about the same weight as 271 average small sofas - whew!)

THANK  
YOU!

This November we collected re-usable items from over 100 homes and **nearly 500 families benefitted** from being able to purchase affordable household goods for their homes. In 2016 around 2,369 households donated furniture and household goods to Storeroom and over 5,106 families were able to purchase affordable items to help make their accommodation more homely.
